

WVD 1800DH-2

The 70 litre wet pick-up 1800 is not just big in capacity but equally big in performance. When it comes to the rough and tumble of heavy-duty applications, the full Structofoam construction will stand you in good stead; whilst in operation performance is second to none.

Twinflo'

The power head is fully Structofoam by design, incorporating two Twinflo' 2-stage bypass motors and the Nucable plugged replaceable cable facility is an added feature. A simple dump hose emptying facility is fitted as standard. All models are fitted as standard with our spinning ball safety float valve and trash basket inlet filter.

Accessories are to the full 38mm (1 1/2") convenient standard with long hoses, stainless steel tube sets and a Structofoam wet pick-up nozzle.

The 1800's work for a living - of that there can be no doubt.

Motor	Power	Airflow	Suction	Wet	Range	Weight	Dimensions
2400W	230V AC 50/60Hz	80 L/sec	2500mm	70L	26.8m	31.3Kg	684 x 785 x 935mm
