

WORKS FOR ME

SEBO 370 / 470 COMFORT

PERFORMANCE YOU CAN RELY ON

01 Flat to floor vacuuming

These machines work when completely flat, making it easy to clean under furniture. When upright the anti-fatigue technology makes vacuuming a one pass activity.

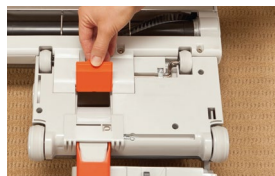

02 Full rotating brush roller

For deep-down fibre agitation and dirt removal. Carpet and soft floor tile manufacturers recommend this method of cleaning maintenance.

03 Replaceable brush strip

The brush strip is easily changed without the use of tools, saving you time. Compared to brush rollers, brush strip replacement saves you money.

04 User friendly design

With four wheels, it glides along the floor. Has a built-in trap door for rapid blockage removal and indicator lights using SMD technology for easy operator guidance.

05 High performance filtration

Hygienic 5-layered filtration system. Sealable filter bags for dust-free debris disposal. Hospital grade micro filters capture small-fine dust particles and the exhaust filter ensures only clean air is emitted.

06 Accessories built in

Neatly and conveniently stored on the machine are full sized hose, wand, crevice and upholstery nozzles. PLUS detachable suction body for top to bottom cleaning.

SEBO 470 COMFORT

SEBO 370 COMFORT

- › Vac Motor max.: 1300 Watt
- › Brush Motor: 175 Watt
- › Suction: 230 mbar / 2350 mm WS
- › Airflow: 52 l / s
- › Filter Bag: 5,0 l, 3-layer
- › Working Width: 36 cm
- › Weight: 8,9 kg
- › Sound Level: 68 dB(A)
- › Cable: 12 m
