

# Super Concentrates

- ▶ Superior WH&S benefits over traditional dispensing systems
- ▶ Integrated system for covering most cleaning applications in healthcare, commercial & institutional facilities
- ▶ Superior cleaning performance
- ▶ Versatile & user-friendly colour coded identification system
- ▶ Reduced labour costs through increased productivity
- ▶ Simplified cleaning process – decreased inventory and training costs
- ▶ On-site training & technical support

#### WH&S Benefits:

- ▶ Spill prevention bottle caps
- ▶ Convenient 2.5L product packsize
- ▶ Reduced manual handling
- ▶ Lockable chemical cabinets
- ▶ Monitor product levels without opening cabinets
- ▶ When diluted, non-hazardous in accordance with the Globally Harmonised System (GHS)

Whiteley's Super Concentrate Dispensers offer a complete cleaning system for healthcare, commercial and institutional facilities. Whiteley's Super Concentrate Dispensers ensure accurate dilution across a wide range of water pressures – this allows for optimal cleaning performance. The dispensing units allow for easy monitoring of 2.5L Super Concentrate bottles without opening the cabinet and includes select valve technology for dispensing multiple products.

The Super Concentrate range is designed to simplify the cleaning process, increase cleaning efficiency and maintain performance standards in institutions. Super Concentrates include a selection of neutral detergents, window & glass cleaner, air freshener and total bathroom cleaner. The Super Concentrates range offers cleaning professionals an integrated system that is versatile and user-friendly through quick colour identification of products, labels and cleaning charts.

All Super Concentrate products are supported by Safety Data Sheets (diluted and undiluted). For more information visit [www.whiteley.com.au](http://www.whiteley.com.au) or call the Product Support Hotline on **1800 833 566** or New Zealand [www.whiteley.co.nz](http://www.whiteley.co.nz) Product Support Hotline **0800 257 352**

# Super Concentrates

Complete cleaning system for healthcare, commercial & institutional facilities

## VANILLA BREEZE

**VANILLA BREEZE Air Freshener** is used for deodorising toilets, washrooms and all common areas.\*

**Bottle Application:** For long-lasting deodorisation, apply behind toilets, under sinks, behind desks and furniture, into waste bins after cleaning.

**NON - HAZARDOUS AT DILUTION**  
If safety information is required, refer to the Safety Data Sheet.

Product Code: 210212
