

Pet & Flood

Revolutionary flood & urine decontaminant

Pet & Flood is a unique spotting solution for high performance removal of cellulosic browning, urine stains and the associated odours. This innovative formulation combines a powerful urine crystal & stain removal blend

with a 2-pronged microbiocidal chemistry specific to Urine decontamination and odour neutralization.

BENEFITS

- **Innovative Chemistry** – Innovative formulation which provides total urine decontamination encompassing stain, odour and bacteria removal.
- **Stain Removal** – Carefully selected blend of low pH salts to neutralize the urine crystals and remove the stain from the fibre.
- **Decontamination** – Contains a blend of biocides which have been carefully selected to provide total elimination of bacteria such as E-Coli found in urine deposits.
- **Browning Removal** – Provides high performance removal of cellulosic browning caused by flood, excessive wetting and high alkalinity.
- **Dynamic Penetration Feature** – The inclusion of super wetting and penetrating agents ensure that Pet & Flood quickly and effectively wets out the fibres, carpet backing and even the substrate below to ensure total elimination of all areas which have been contaminated.
- **Fibre Safe** – Safe for use on all natural and synthetic fibres, however fine fabrics must be pre-tested for colour stability before use.
- **User Friendly** – Pleasant fresh lemon scent, low odour formula – pleasant to use

DIRECTIONS for USE

Always pre-test in an inconspicuous location for substrate sensitivity to chemicals.

Application:

1. Remove by steam extraction as much of the flood water or urine spill as possible, doing extra dry vacuum strokes.
2. Apply Pet & Flood undiluted for severe contamination or dilute up to 1:4 for lesser effected areas.
3. Spray apply this solution onto the fibre or fabric until it is wetted out.
4. Agitate solution using a carpet rake or upholstery cleaning brush.
5. Allow 10 – 20 minutes reaction time.
6. Rinse extract using Actichem Rinse Pro.
7. Allow to dry. Assist drying by increasing ventilation.

Note:

Some stubborn urine stains may require treatment using Peroxide (Spotaway U)

PRODUCT SPECIFICATIONS

Product code: AP491

pH: 1.0 - 2.0 RTU

Colour: Clear yellow liquid

Fragrance: Fresh lemon

Packaging: 500ml, 5Lt & 20Lt
