

Proneutro

Nano-technology neutral cleaner

ProNeutro is a new generation, neutral pH detergent cleaner specifically designed to remove soil from pH sensitive surfaces such as fine stone and polymer coated flooring. Its stunning cleaning performance, safe and easy-to-use characteristics, with its economical price tag has

earned it the "product-of-choice" reputation by many professional contractors.

ProNeutro employs the latest in nano surfactant technology to create a neutral high performance cleaner which leaves behind no unwelcome haziness, streakiness or slippery residues.

BENEFITS

- The Ultimate Maintenance Cleaner – ProNeutro provides the professional contractor and building owner with a high performance, low residue, easy-to-use maintenance cleaner which dilutes down to amazingly economical dilution rates.
- Total Performance – Nano technology provides rapid emulsion with oily soils and grime, removing more soiling in a shorter time span. Ideal for autoscrubber use.
- Minimum Residue Technology – New surfactant technology leaves behind no unwelcome streaks, haziness or slippery residues. Perfect for highly polished flooring.
- Substrate Care – Totally safe for use on fine natural stone, marble, polymer coated flooring, wooden floors and pH sensitive surfaces.
- Safe & Easy – Safe, easy and pleasant to use, with a totally non-toxic hazard rating and a fresh lemon scent.

Recommended applications:

Ideal for the maintenance and medium duty cleaning of granite, marble, limestone, engineered stone, acrylic polymer coated flooring, wooden flooring and pH sensitive surfaces.

Dilution

- For floor and general cleaning using a cloth or mop dilute 5-10ml per litre of water (1:200-1:100 dilution)
- For removing stains use undiluted.
- When used through an auto-scrubber, dilutions as low as 1:400 can be used

Directions:

1. Apply cleaning solution using a clean cloth or mop, or through an auto-scrubber.
2. Rinsing with water is not normally required unless strong dilutions are used.
3. Keep container closed for maximum performance.

PRODUCT SPECIFICATIONS

Product code: AP662

pH: 7

Fragrance: Citrus

Safety: Non-hazardous

Colour: Clear, pink liquid

Substrate Suitability: See directions

Packaging: 5Lt, 15Lt, 200Lt & 1000Lt
