HEAVY DUTY BRUSHLESS

40V Max Brushless Wet/Dry Vacuum

VC003G

Product Overview

HEAVY DUTY BRUSHLESS

BOOK A FREE DEMONSTRATION +618 9249 8744

Product Specification Sheet

Max. sealed suction	23kPa
Max. air volume (m ³ /min)	2.8m ³ /min
Tank capacity	Dry: 15L / Wet: 12L
Suction power	265W
Continuous runtime BL4050F x2	28 minutes
Weight (with battery)	10.3kg
Voltage	40V

- **Massive Suction Power** – 23kPa equivalent to AC 240V vacuums.
- **Large On/Off Switch** – allows for easy operation.
- **Durable Container** – Durable plastic container absorbs impacts without denting or warping like metal containers.
- **Dual Battery Indicator** – Indicates the remaining power in each battery.
- **Variable Speed Dial** – easily adjustable suction control for optimum runtime and performance.
- **Rubber Bumper** – eliminates risk of damage to furniture and chairs while moving the vacuum around worksite.
- **Makpac Connectivity (optional)** – Keep your attachments close and secure using the 198730-6 Makpac adapter.

Performance

Dual 40V Max batteries provides maximum runtime

Versatility

Variable suction control for optimum runtime & performance

Convenience

Superior airflow design for low noise operation

Ergonomic

Large On/Off switch for easy operation

Accessories

Standard Accessories		
	-	Low Profile Floor Nozzle
	140K01-3	Aluminum Pipe 1
	327324-2	Aluminium Pipe 2
	126756-8	Handle
	140V42-5	Hose Complete 38mm x 2.5m
	195432-5	Plastic Tub Liner (10pk)

Optional Accessories		
	191V67-2	Wet Filter
	191V68-0	Foam Damper
	191V69-8	Pre-Filter
	191V70-3	HEPA Filter
	198730-6	Makpac Connector
	195557-5	Fleece Filter Bag
	199491-1	Cyclone Attachment
	198918-8	330mm Crevice Tool
	198877-6	Round Brush
